Encore Society Inducts Charter Members

Signature Healthcare President and CEO, Mr. Kim Hollon, hosted an inaugural luncheon of the Encore Society welcoming members into this newly formed group. The Encore Society consists of individuals who have included Signature Healthcare as part of their estate plans, leaving gifts in wills, trusts, insurance policies, IRAs or personal property.

Members received an Encore Society lapel pin signifying their membership and participated in the unveiling of the Encore Society Plaque prominently displayed in the donor recognition area. This area is located on the first level of Brockton Hospital across from the main elevators.

Mr. Hollon thanked everyone for their generosity highlighting the meaning of their commitment to the future of Signature Healthcare. "This hospital has been here for over 100 years providing quality care for our community. Your gifts will help ensure that we will be here for another 100 years."

"By the accident of fortune a man may rule the world for a time, but by virtue of love and kindness he may rule the world forever."

Philosopher Lao-Tse
